INFORMATIVE VIRTUAL INTERACTIVE MAP COVERING CIVIL INDUSTRY ROLES.

Click & drag to move the map.
Click on the icons for more information
Search for your dream role!

Civil Contractors New Zealand has created this clever visual roadmap for working in civil infrastructure construction.

This awesome work of art has been developed to showcase careers in infrastructure construction to career seekers, students and careers advisors who can support people to take up the tools of the civil trades.

The roadmap features a broad selection of roles, summaries the role selected, information on how to get started and connects through to opportunities around training, qualifications and employment.

This is a fantastic tool for senior students looking at making decisions moving forward out of school; and family members looking for a career in civil construction.

Piling Rig

Pilers are the driving force behind the sturdy foundations of infrastructure like bridges and large scale buildings. Their expertise lies in reading blueprints, assessing ground conditions, and executing their tasks with precision and safety in mind.

Electrical Trade

Electricians in the Electrical Supply Industry (ESI) specialize in high voltage (HV) electrical maintenance, repairs, and fault finding on transformers, substations, and other large-scale electrical equipment. This work spans across distribution, generation, and transmission networks with special projects including

- Transmission Line Structures
- Distribution Lines
- Substations
- To the property boundary

Electrical

Get Started

- From School
- Tertiary Training
- Via Recruiter
- On The Job Training
- Career Changer

The electrical sector is the backbone of New Zealand's infrastructure, supplying the energy needed for domestic activities, technological innovations, and the needs of its citizens. Its importance is highlighted as a reliable and efficient electrical supply is essential for powering industries, homes, and critical infrastructure, ensuring progress and well-being in the Kāwharū area.

A-Z payments

Forms

TERTIARY STUDY

There are a number of ways we can help pay for your study. We can also help you sort a budget and find out what you can get.

You need to apply as early as you can to make sure you get everything sorted in time, including your payments.

We may be able to help with:

- compulsory course fees
- course-related costs (eg, books, laptop, etc)
- day-to-day living costs
- other costs (eg disability or childcare).

How much you can get depends on your age, income and course type.

For more information: <https://www.studylink.govt.nz/>

Find out what help you may qualify for, then choose if you want to apply.

<https://www.studylink.govt.nz/online-services/eligibility/index.html>

Based on your answers you'll find out if you could qualify for:

- Student Allowance
- Student Loan
- Jobseeker Support Student Hardship
- Accommodation Supplement
- Disability Allowance

Study Allowance Income Calculator

DRIVE COACH

Are you teaching your teen to drive or have a young driver in the family? Road Safety Education have partnered with Toyota to offer a free workshop called Driver Coach on October 16 at 6:00 PM at Bethlehem Baptist Church.

This popular workshop is designed to help parents and caregivers support their children through the learning-to-drive process. Research shows that teens become safer drivers when their parents are involved and set clear boundaries. The Driver Coach program aims to give you the tools you need for this important journey.

During this 1-hour workshop, you'll learn from a License Tester:

- How the teenage brain works and the best approach to road safety education.
- The difference between instructing and coaching your child.
- Core safety issues for young drivers.
- How to understand the graduated licensing system.

LEARNER DRIVING

Navigate the Teenage Driver's Journey:

- * Unlock the mysteries of the teenage brain: What makes driving a challenge?
- * Decode risk factors for Young Drivers
 - * Learn the art of coaching a learner driver
 - * Help you support the transition to solo driving
 - * Set a plan for collaborating with driving instructors
 - ...and much more.

DRIVE COACH
Helping you support your teen driver

Location and time:
Thursday 16 October
 6:00pm to 7:00pm
 Bethlehem Baptist Church
 90 Bethlehem Road, Tauranga

Questions?

Carolyn Graveson—Future Pathways Coordinator; is always available to talk to parent/guardians or students about anything related to the students future planning and opportunities.

Feel free to contact her to arrange a suitable meeting time, by either phone/txt: 021 105 2702 or email: carolyng@waihicol.school.nz

PREPARING FOR YOUR LEARNER LICENCE

Thinking about getting your learner licence? Here are some tips and information for preparing.

To get a learner licence, you must:

- be at least 16 years old
- be able to correctly answer 32 out of 35 questions on the road code

- One of the ways to prepare for the learner licence test is by working your way through Drive's Road Code. <https://drive.govt.nz/learner-licence> or use the QR below.
- Drive's Road Code contains chapter tests at the end of each section. These are like mini practice tests and a great way to check you're on the right track.
- Complete all the chapter tests and you get access to their official practice test. If you're consistently getting every answer correct in the practice test, that's a good sign you're ready for the real thing.
- Otherwise the Road Code or an app are popular with students, details below.

The AA website offers a free trial test

www.aa.co.nz

You can also purchase the Official AA Road Code for \$25 + postage, through the AA website.

Otherwise, most students are using apps to practice their tests like this one:

Learners Licence test:

Each Road Code Practice Test has 35 questions - for a car license you must get 32 out of 35 to pass. Each practice test of 35 questions is randomly generated from all the test questions found in the official NZ Road Code.

Some of our school programs and workshops are able to fully fund Learners License applications, but if you go privately to do your test expect these fees: As of 8 July fees have changed. Your second attempt is covered in the application fee if needed, but attempts after these will each have a fee.

Car (class 1)	Application fee (includes 2 tests)	Test fee for each test from 3rd attempt
Learner	\$96.10	\$54.60

The key for success, is to practice, practice, practice. Good luck.
